

Task 3 – Planning

- Look at the descriptors you chose – or if you if you have access to the CEFR Companion Volume look at all the mediation descriptors.
- Take a minimum of 5 of these as learning outcomes for a course.
- Design a five-week course (3hours a week).
- Include reference to the input sources (reading text/audio/video) you could use.
- Include the kinds of activities your students will do to show that they can do the descriptors.
- Include the grammar and vocabulary they will need to achieve their performance.
- Remember this is not about knowledge – students have to perform successfully.
- Here is a possible template, though feel free to design your own.

Learning outcomes: By the end of the programme, students will be able to:

- 1.
- 2.
- 3.
- 4.
- 5.
